4	It was noted that this had been previously considered by Governors at the July Board meeting however, after the first	

	submission, comments had been received from the Office for Students which required comment and update within the plan. The College was allowed two formal resubmissions to OfS and this update was the first formal resubmission.	
5	It was noted that this the Access and Participation Plan was a requirement of the Office for Students where the provider intended to charge beyond the basic fee of £6150 and access, success and participation is considered against the protected characteristics.	
6	The content of the plan is based on the Office for Students set of data and includes access information, continuation of students and progression.	
7	It was noted that the same level of data was required in the plan for FE as with large HE Institutions.	
8	Governors considered the areas for improvement such as employment after leaving and raising attainment. It was noted that this was presented in the form of a schematic set of actions to address how to close the gaps for those against other students not having protected characteristics.	
9	There is a theory of change including impact for each sub-group across the document. Governors considered the data included within the document, including, progress data, baseline data, yearly milestones, targets to 2022, action points and underpinning evidence.	
10	The ten queries had been mapped across to particular paragraphs within the plan.	
11	Dr Peacock asked Governors whether they felt that the document adequately addressed the queries raised. Governors confirmed that they believed this to be the case.	
12	It was noted that Governors had previously approved the plan.	
13	Governors also noted the challenges for the College with a smaller data set to analyse the data.	
14	Governors asked what would be the consequence if the College did not adequately address the queries. Dr Peacock explained that the College may not be able to charge beyond the basic fee.	
15	Governors asked if there were any areas the Senior Leadership Team were concerned with? Dr Peacock confirmed that he felt confident that the College had answered the queries being asked. Mr P Deane, Principal and	

	Chief Executive explained that should a second resubmission be necessary, Governors would be contacted again in relation to this issue.
