Little Gems

Little Gems is a Learning Development initiative situated in the foyer of Grantham College. The retail outlet enables students from the Learning Development Centre to gain valuable work experience in a realistic retail environment.

Students are involved in the following:

- Working with the public, staff and other students
- Sales - including using the cash register and card payment machine
- Balancing the till and dealing with the finance office
- All aspects of stock control
- Any other duties that increase their confidence with one to one support from College staff

LITTLE GEMS

Some of our products sold in Little Gems support Fairtrade - helping people earn a fair wage for the products that they produce.

Little Gems sell a wide variety of gifts & seasonal stock, also at certain times of the year plants & hanging baskets are available. These have been grown and produced by students from Learning Development.

Our ever changing and popular stock, including cards, crafts, handbags, jewellery and scarves are all displayed in an eye catching way.

For more information email us on littlegems@grantham.ac.uk or visit us on www.grantham.ac.uk/littlegems
